

Could YOU be the ONE?

We love being involved at the regional level with Word of Life. The Africa and Middle-East Regions are growing quickly with the number of countries that we have ongoing ministry in, the number of missionaries that are being developed, the groups of people that we are sharing the gospel with, and with necessary training needed for our missionaries. Thank you for being part of this growth!

With growth comes more needs as well. We have identified three main areas of need that we feel is needed to be more effective for our missionaries.

1. An administrative assistant that will help with online and missionary communication, conference details, updating team details, and other service aspects. This person should be familiar with Word, Outlook, Excel, online media, and databases.
2. A financial person who can help with coaching, budgeting, answering missionary questions in regards to support and finances with Word of Life, and training with personal budgeting and ministry partner development.
3. A missionary care team member who is an encourager, a safe contact, proactive in the new developments that Word of Life is instituting, and a prayer warrior.

Please join us in asking God to connect us with people that would be interested in filling these rolls either on or off the continent. We desire to identify and fill these rolls in the next 2-3 months. We understand that it might be a volunteer, an existing missionary that could move into this roll, or a person who desires to

become a missionary and join us somewhere in Africa. They might be from Africa, Europe, America, Brazil, or any other region of the world. But please pray with us. We have realized the obvious, that the two of us can't do everything, and these three key positions will go a long way to building a team that will serve the missionaries in our regions.

Maybe this person could be *you* or maybe you know someone who would be interested. Please feel free to give our details to them so that we can connect and see what God may do.
