Dear Prayer Partners,

There are times in our lives when we FEEL God's blessing. Don't get me wrong, we are always benefiting from God's good favor, but these days I'm feeling so blessed! My class size is smaller than normal. Wouldn't any teacher be happy with only eleven students?! Not only that, but instead of lessons for two grades, I only have fourth grade this year! It's AMAZING how much difference that makes! (We still need secondary Social Studies teachers and elementary teachers.)

The ladies on Tuesday evenings for Bible study continue to be another blessing. We began as 3 and are now about 12 or 15 each week. This week the challenge was about evangelization. May we boldly share the Gospel.

Another blessing is that our Spanish congregation continues to grow! We have new families and need more missionaries. Would you pray that God would raise up more laborers for the harvest? With this blessing comes the prayer for a place where we can all meet. This week the children started asking for Euro coins so that in our future building we will not have to have class in the kitchen! The little preschool classroom was packed with 9 students! Remember that you can send funds to ABWE. Go to give.abwe.org and then click on PROJECTS and search under Alcala de Henares Church Relocation or use this Project number when you send in a check: 0754021

So, if you ask me how I am, I'm tremendously blessed and praise the Lord for allowing me to be in Spain doing what I love! My "world" is always expanding because of so many countries represented in my classes. There are children from 6 nations in our ECA classroom (Spain, USA, Pakistan, China, Nicaragua, and Columbia.) In Sunday School another 6 (Spain, Guinea, Venezuela, Peru, Brazil, and USA.) I learn so much from them!

Do you have prayer requests? Write me at cmcgraw@ecaspain.com
THANK you for your faithful gifts to ABWE ministries. We appreciate you!
