

MARCH 2026 MINISTRY UPDATE

Dear Friends and Ministry Partners,

Here in Sierra Leone, God continues to open doors for the Gospel, discipleship, and leader development, and March was a month where we could see that work advancing in several specific ways.

Women of Influence Conference

The Women of Influence conference was a clear answer to prayer, with 56 women in attendance and strong engagement throughout the sessions. We praise God not just for the number, but for the hunger for Scripture and the willingness of these ladies to influence their homes, churches, and communities for Christ.

Kono District Village Outreach

In our Kono district village outreach, the Lord has grown the number of believers from 7 to 20, and every one of them is actively involved in discipleship. This village is strategically located, and we are praying specifically that a healthy, Gospel-centered church will be established there and that God will clearly raise up a biblically qualified local leader.

Ongoing Discipleship & GLU

The multiple discipleship/Bible study groups (4) we have started and are working with have continued faithfully, and we are seeing noticeable spiritual growth, increasing biblical understanding, and changed lives among those involved. Our Global Life University (GLU) students remain faithful in their studies and ministries, which directly supports our vision to raise and release local leaders who can handle the Word and shepherd well.

New Church Plant & Jesus Film

The new church plant we are working now has 37 active believers and is preparing to host a Jesus Film outreach on Good Friday. We are actively engaged in coming alongside this young congregation in planning, evangelism, and discipleship. We are also preparing to launch a children's ministry there very soon so that boys and girls can begin hearing the Gospel clearly and growing in God's Word from an early age.

Faith Baptist Mission & School

The Lord has also opened a door for us to walk alongside Faith Baptist mission and school in a slow, thoughtful process of strengthening and restructuring. Our focus is not to take over their ministry, but to serve as a biblical, Gospel-centered partner—helping clarify mission, encourage healthy church and school practices, and invest in leaders so that Faith Baptist can grow into a stable, reproducing work. As this partnership develops, we are praying that both the church and school will more clearly reflect Christ, make disciples, and raise up the next generation of servant leaders in their community.

Okada Outreach Initiative

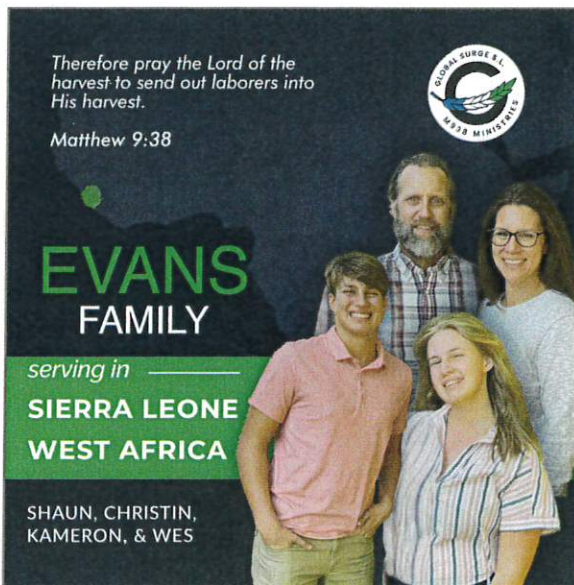

Through the newly launched Okada Outreach Initiative, Shaun was able to lead both the Okada park chairman and the assistant chairman to Christ and to place Bibles in their hands. We already had formal permission to minister in the park, but their conversion and openness now give us an even wider door for the Gospel among riders, workers, and their families.

 **Please Pray With Us For:**

- Strength and maturity for the 20 Kono believers, and a God-raised local leader.
- Salvation and lasting fruit from the Jesus Film and new children's ministry at the church plant.
- Wisdom and long-term Gospel fruit at Faith Baptist and through the Okada Outreach Initiative.

Thank you for praying, giving, and standing with us so that the Gospel can advance and leaders can be raised up here in Sierra Leone. Please continue to pray for lasting fruit from these efforts, for wisdom as we walk with new and existing works, and for more laborers for the harvest.
