Family Updates Summer Plans

Both girls will be serving at Word of Life camps. Lorelei will be directing the media for the Island, and Jorja will be playing the drums and working at the book store for the Pines.

Warrick leaves for Boot Camp end of July. And Chola is hoping to get a job.

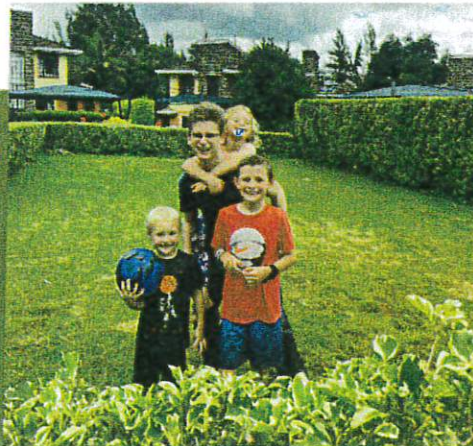

From Kenya to Colorado and many other places we have seen God do special things in the last few months.

In March we visited some of our IBMGlobal missionaries in Kenya to help with in depth ministry strategy and member care.

In April we found ourselves in Colorado to facilitate a Business as Missions roundtable discussion to enhance training, speak at Frontier School of the Bible, and attend the Support Raising Leaders conference for organizational fundraising.

Thank You

Thank you so much for helping Warrick join us on our trip to Kenya. God did some really special things through him in the lives of the MKs, and he gained new experiences and appreciation for what God is doing on other fields.

Onboard & Equip

In May we welcomed eight new missionaries to IBMGlobal.

What was previously called "Candidate Orientation & Appointee Training" has been changed and streamlined to "Onboard & Equip". We've honed the training we are providing and are excited to launch it this year.

We are impressed with these new missionaries as they pursue God's plans for them. Their philosophy, passion, and vision are inspiring. We love being a part of their journey from the very beginning. It's one aspect of what we do that gives us life.

Please pray for them as they pursue ministry partners in the coming months, and that God would continue to prepare them for the field.

Prayer Requests

- We have some vacation time coming up. Please pray that we can rest and be renewed.
- The girls serving at camp.
- Warrick preparing for Basic.
- Chola to find a summer job.
- God to provide the right people for the right positions and the finances to hire them at IBMGlobal.
- Pacing as we keep up with what God is doing at IBMGlobal.
