MISSIONARIES TO KENYA

June 2026

A New Sister in Christ

The highlight of the past month was getting to witness the beautiful truth of the Gospel be fully understood in the heart of a young lady and seeing her come to know Christ as her personal Savior! Maggie's story of salvation is one only God could orchestrate. She works at a local coffee shop and restaurant that we frequent often. Janay first met her while out to lunch with another missionary friend. After the meeting, the other missionary left a tract for Maggie. A few days later, Janay was back at the coffee shop, and Maggie quickly recognized her. Janay asked if Maggie had any questions about the tract, to which Maggie replied she did. After exchanging numbers and having the opportunity to meet in person, Maggie heard the Gospel clearly and realized that a person did not have to be perfect to get saved. The beauty of God making a way for us as broken sinners to have a relationship with Him was fully understood and **Maggie eagerly said she was ready to get saved!** Maggie's story is a beautiful picture of scripture (1 Cor. 3:6). One missionary "planted" the seed by giving a tract; Janay had the opportunity to "water" when she met Maggie to answer her questions; and God "gave the increase" as only He can. THIS is why we are in Kenya. Nothing is sweeter than getting to take part in sharing the glorious Gospel with others. Please keep Maggie in your prayers as she and Janay are meeting weekly for discipleship.

Celebrating our one-year anniversary of living in Kenya with NBBC students and fellow missionaries

One Year in Kenya

On June 12th, our family celebrated being in Kenya for one full year! Praise the Lord for His faithfulness through it all! As we look back on our year in Kenya, there is so much for which we can be thankful. We have a place to call home, we are learning Swahili (slowly but surely!), and we are meeting new friends. With open doors at a local church to train leaders, the chance to invest in the students of NBBC, and seeing 6 precious souls get saved so far with many other seeds planted—we know that each blessing and open door is a gift from God. Please continue to pray for God to give the increase in the next year to come. We can do what God has called us to do because of your faithful prayers and support. Thank you for being used by God to further His kingdom!

Teacher Trainings

In our last letter, we mentioned an upcoming ministry leaders lunch and interest meeting. Thank you for praying for that to go well. The day was long but wonderful. Many people attended the meeting to learn about the different ways they could start serving at Bible Baptist Church Makongeni, Thika. With the children's class growing and the youth class officially starting up again, the need for teachers is great. Please continue to pray for this sweet church and the next few months as training will begin for those who have said they would like to help serve in this way. We are so grateful for opportunities God is bringing our way and for the ways He is working in this church family.
